Pairing

Once your Ear Buds is paired with other devices, they will remain paired and automatically recognize each other.

【Re-pairing or Pairing with second mobile phone】

alternately in white and orange after 6 seconds.

1. Turn on Bluetooth function of your mobile phone.

devices simultaneously. To use the Multipoint connection, the second device must be paired with this product in advance.

Up to two devices can be connected via a Multipoint connection. Music can be played on either device being connected, but music from two devices.

During a Multipoint connection, the operating time is reduced due to increased power consumption.

Wearing Earbuds

• If one device is playing music, operating the other device will not switch the music.
